

## Implementing the Building Operations + Maintenance LEED Rating System

### HOST

Charlotte Region Chapter

### DETAILS

Date 4 November 2010  
Time 8:00 am – 5:00 pm  
Price From \$375 USD

Bank of America  
Sherrill Building  
13510 Ballantyne Corporate  
Place  
Charlotte, NC 28277

### DESCRIPTION

Learn how to apply the LEED for Existing Buildings: Operations & Maintenance rating system to a real project by walking through the phases of a typical project and the key decisions that project teams must make, including key stakeholder considerations. Engage with experienced LEED® Faculty™ and other participants in interactive activities using case examples that enable you to work hands-on with LEED implementation strategies and rating system tools, including project forms from LEED Online v3. Emphasis is placed on LEED 2009, but those working on older versions of LEED can apply what they learn. O+M 251 or O+M 252 is recommended prior to taking this course.

### OBJECTIVES

**RECOGNIZE** the goal, intent, and unique aspects of credits and strategies to meet them.

**COMMUNICATE** the purpose and benefits of the LEED for Existing Buildings: Operations & Maintenance rating system.

**SUCCESSFULLY** develop and implement a plan for LEED certification and recertification.

**FACILITATE** the LEED process with all stakeholders.

**UTILIZE** the tools available to support LEED implementation and documentation.

### WHO SHOULD ATTEND

Professionals (building owners or operators, engineers, architects, etc.) already familiar with the core concepts of the LEED 2009 for Existing Buildings: Operations & Maintenance rating system, but new to implementing it on projects or looking to brush up on implementation best practices; new LEED APs; LEED APs following the prescriptive path; LEED AP O+M credential holders seeking LEED-specific CEUs for GBCI's credential maintenance requirements; individuals pursuing GBCI's LEED AP O+M credential.

### FACULTY

John Adams
